## Education specialist umbrella payroll through Azebra

We have partnered with Azebra, a payroll provider who has over 16 years of experience specifically working compliantly within the education sector. They offer a hassle-free payroll solution for temporary and contract workers. Azebra is FCSA accredited, so you can rest assured your payroll is in safe and compliant hands, which is critical as legislation around temporary workers constantly changes. With their proven industry experience, Azebra keeps seamlessly updated on the latest requirements to handle payroll smoothly for your temporary staff.

### Why use an umbrella company for your education candidates?

Using an umbrella company benefits education candidates by providing employment stability between flexible contracts. Contractors gain statutory rights like holiday and sick pay without the headache of managing payroll and compliance across multiple assignments. With one employer handling payroll complexities, contractors enjoy consistent income, benefits, and hassle-free contracts across education sector opportunities.

- ✓ Fully compliant and FCSA accredited
- ✓ Over 16 years of industry experience
- ✓ Dedicated Account Manager, payroll contact and Customer service team
- ✓ Work to your deadlines
- ✓ Secure online portal
- ✓ Flexible payments
- ✓ **Plus access to 1,000+ training courses and CPD certifications**
